Applicant's summary of what took place at the interview should be carefully checked to determine the accorded should be carefully checked to determine the accorded should be pointed to the examiner during the interview. If there is an inaccuracy and it bears directly on the question of patentability, it should be pointed out in the next Office letter. If the claims are allowable to the reasons of record, the examiner should send a letter setting forth his or her version of the statement attributed to him? If the examiner should send a letter setting forth his or her version of the interview along with the date and the examiner's initials.
